

- Benefit students (e.g., provide flexibility and remove barriers to completion).
- Benefit the department/school (e.g., free up seats in high-demand courses, increase retention, progression, and Completion rates, C. metrics).
- Attach the course in academic Quality and rigor.
- Demonstrate mastery of the course's student learning outcomes.
- Demonstrate appropriate college-level learning.
- Credit by examination may not be obtained for a course previously completed at an accredited institution including courses previously taken at the University, regardless of grade.
- Not be in opposition to Northwest Commission on Colleges and Universities (NWCCU) or discipline-specific accreditation policies.
- Not be used to replace a failing grade.
- Not be permitted if the student has previously received credit for a more advanced course covering the same subject matter (e.g., CBE will not be permitted to satisfy CSCI 345 if the student has already received credit for CSCI 676).
- Not apply toward satisfying the minimum on-campus resident credit requirement, <https://www.unlv.edu/advising/policies-forms>, of the institution from which graduation is sought, and does not constitute an interruption of the resident credit requirement.

## Department of Computer Science - Departmental Policies

- Student must meet with the College of Engineering Academic Advisor to ensure the student meets the (=> eligibility requirements and understand potential impacts to their graduation progress.
  - Students need to complete a minimum of 47 upper-division courses in order to graduate and students cannot use CBE towards the 47 credits.
  - CBE is only applied to 2 credits.
-
